1 Introduction

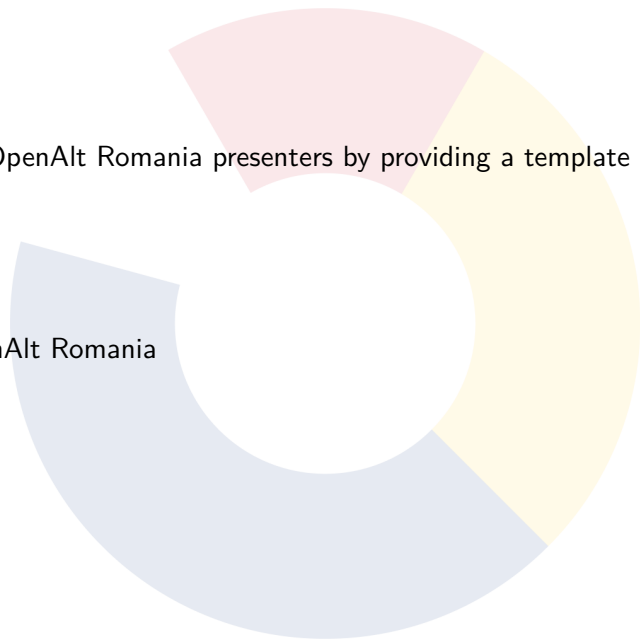

INTRODUCTION

INTRODUCTION

The purpose of this template is to help OpenAlt Romania presenters by providing a template they can use for their presentations.

This template features:

- Color scheme and branding for OpenAlt Romania
- Use of bullet points
- Adding images as figures
- Including code snippets

1 Introduction

ABOUT OPENALT ROMANIA

ABOUT OPENALT ROMANIA

The primary goal of this community is to support and promote free and open source technologies including software, hardware, data, sciences, education, government and others. This community is a sister community of OpenAlt community in Brno, Czech republic, and also closely affiliated with OpenAlt Conference in Brno.

In this community, we'd like to:

- Promote and support open technologies
- Support and improve existing local open projects
- Other broader community support for open technologies

BRANDING

Our colors are:

- Blue #002B7F
- Red #CE1126
- Yellow #FCD116

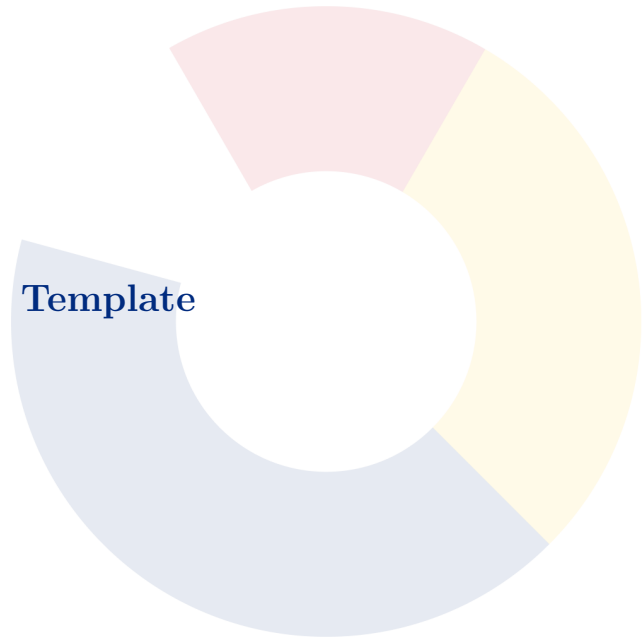

FIGURE 1: Wide Logo

The tall logo is a large, stylized circular graphic on the right side of the slide. It is composed of three main segments: a light pink segment at the top, a light yellow segment on the right, and a light blue segment on the left. In the center of this large circle is a smaller circular icon, identical to the one in the wide logo, with red, yellow, and blue segments. Below the large circle, the text "OpenAlt Romania" is written in a large, bold, black, sans-serif font.

**OpenAlt
Romania**

SETTING UP L^AT_EX

Depending on your operating system, there are different LaTeX distributions available:

- Linux: TeX
- Mac OS: MacTeX
- Windows: MiKTeX
- Online: Overleaf

SETTING UP TITLE PAGE

Set up information about the presentation:

```
\title[Short title]{Long title}  
\author{Your Name}  
\institute{Your Organization}  
\date{01.\,01.\,1970}
```

LISTS

Make a list:

```
\begin{itemize}
  \item First item
  \item Second item
  \item Third item
\end{itemize}
```

Make a numbered list:

```
\begin{enumerate}
  \item First item
  \item Second item
  \item Third item
\end{enumerate}
```

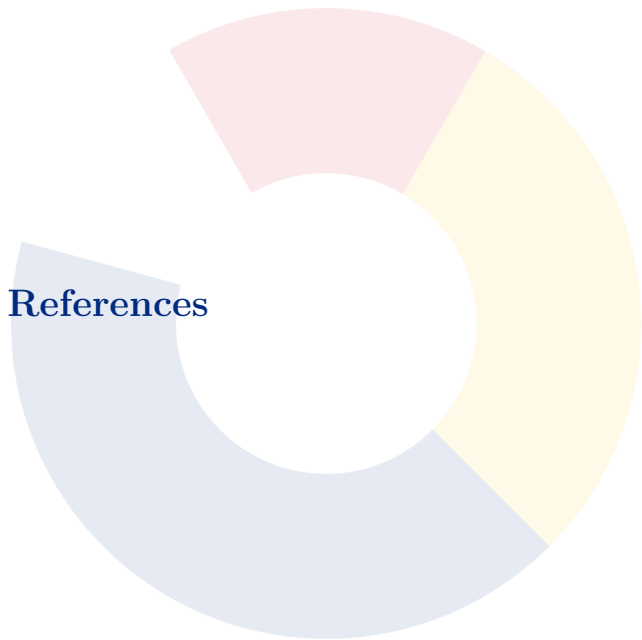

Make a list:

- First item
- Second item
- Third item

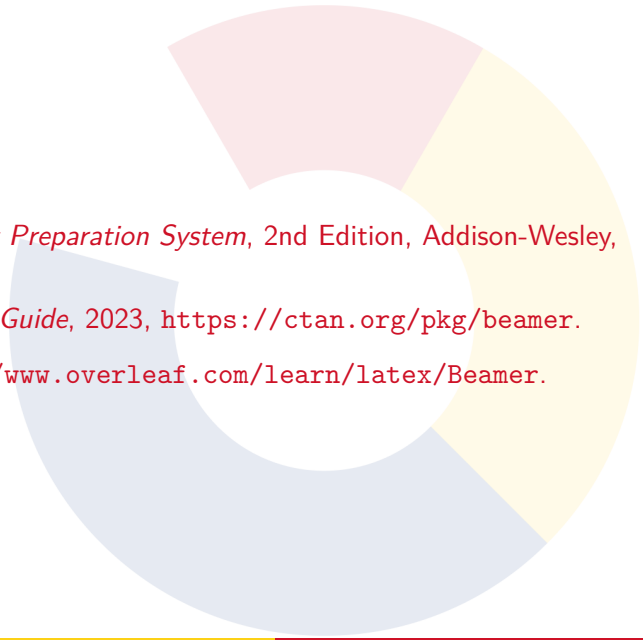

Make a numbered list:

- 1 First item
- 2 Second item
- 3 Third item
